“ To: April, Cindy, Lorieli, and Mickey: You have our deepest sympathy. When we heard of Betty's passing, our hearts went out to you. Losing a mom, grandmas, auntie, friend leaves a real void which can never be entirely filled. Our only consolation is the knowledge that we were priviledged to know Betty over the years. We also take comfort in the fact that part of her will continue to live reflected in your lives, whom she and your dad showed their love for you. There are no words which seem appropriate but know that we join you in your grief and know she is in heaven.

Our Love: Aunt Bea, Tico Ree, Lu Venia, Lucereta, Serena Su and Byron
