“ Bryant was a great step-father to me and that was not an easy job as I was a very mouthy teenager. He was always a very smart, patient and kind person and taught me a lot of things, like how to play chess. I remember that he loved the original Star Trek TV show and I always think of him whenever I see that program on re-runs. I remember that he loved iced tea with peanut butter on soda crackers. He really enjoyed using his computer but had the worst luck ever with it breaking all the time. He was never one to complain though about anything and was always very humble. I'm so incredibly sad that he is no longer with us. I'm so grateful that I knew him. I love you, Bry, and thanks for everything.
