“ Uncle Juan was always larger than life. So many memories of times with him. When my Dad and Mom moved from the farm on Higley and Elliot, Uncle Juan loaded all our possessions and us three kids in his truck that he used to haul alfalfa. When a police officer went by he told us "all you kids get down". We were sure crowded up in the cab of that truck. He was always positive, always had a smile. My Dad and he used to go deer hunting in his 57 Chevy. Once they loaded a deer into the trunk. That 57 Chevy now sits in my back yard. I don't believe there is enough money in the world for us to ever let go of that 57- because it is more than a car, it is a memory. He also gave a couple of motors and a car to my sons to use in their dirt track racing. He has been to our Kart track here at our house. And him sitting under one of our trees is a picture we all carry in our hearts. He was a car guy so I felt so close to him because we shared that love for cars.
