“ Marge worked in our construction office, what a delight. I loved coming to work with her there. She was a record keeper, her journal was amazing. One time my daughter was sick and I was trying to remember the medication that she took the last time she was sick. Marge was able to look at her journal and tell me exactly what it was. I have never forgot that, I was so amazed that she was so detailed with her journal she even knew what medication my daughter needed. She was amazing and we loved her.

“ Marj was a wonderful person and touched so many lives including me and my family. She was a spirit of love and compassion. Knowing the time when there were model airplanes hanging from the ceiling of their home was a true patient and understanding wife. She raised a wonderful family that have followed in her foot steps to be great leaders. Everyone will miss her but she is now where she belongs.

“ Thank you Judie. You all were family, even after she was “retired”. Her and I would often talk about our times with your families. Love you all.
