“ I used to work with Roger at SRP for 14 years and he is one of the nicest guys I've ever known and had a great sense of humor, he never a had a bad word to say about anyone. I did not know Roger outside of work but the one thing I did know about him is that he loved and adored his family, he was very proud of his marriage he used to tell me I'm coming up on my 20th anniversary, coming up on my 25th anniversary, coming up on my 30th anniversary, I've heard many stories about his children and no matter what they did he was always there for them and he LOVED being a Papa ! I've seen pictures of all his grandchildren when they were born he was so proud and I'm sure he was at his best in that role. I've seen picture of his pride bulldog and know that he loved to sleep on Roger's chest. I met his children for the first time at the viewing and I see so much of Roger in them. He was one of a kind and I will miss him and I will never forget him RIP Roger.
